Carlow Brewing Company, also known as O'Hara's Brewery, craft brew traditional Irish beers and their own interpretation of international beer styles, including their very own stouts and ales, wheat beers and lagers.

Each beer is crafted using classic brewing methods to create the traditional Irish beer that has long since been forgotten by many of the larger breweries.

Carlow Brewing use just four main ingredients; water, malts, hops and yeast to produce the highest quality craft beer range.

OUR FOOD PHILOSOPHY, SUPPLIERS & PRODUCERS

REALLY GOOD FOOD is so important to us and we are committed to a food philosophy of quality supply and produce with an emphasis on seasonal, artisan, local and nationally sourced ingredients. Variety is key and our chefs have designed our menus with something for everyone in mind, offering a wide selection of both traditional and modern dishes. Supporting local and recognising award-winning producers is at the heart of our whole ethos - our lamb and beef is selected from various craft butchers using livestock exclusively from the pastures of Leinster. Our milk (and ice cream!) comes from free range cows and our beef is sourced from award-winning butchers, not to mention our Kilmore Quay and Dublin Bay seafood.
